

## Desperate Situation Again!

Laura Giglio stars as Mandy Akers, a young woman who was kidnapped and held for ransom 15 years ago. When her husband, Jesse (James Mathews) goes on a business trip to Las Vegas with his assistant, Ashley Picard (Tracey Lixx), Mandy finds herself once again captured and held for ransom!

Her sister Hillary, who was convicted of Mandy's abduction 15 years earlier, is out for revenge. And she sends a killer (David Lee) to do her bidding. And she wants Mandy to suffer while waiting for the ransom to be paid! The killer puts a dog leash around Mandy's neck and duct tapes her to a chair.

Mandy convinces the kidnapper that she has to use the bathroom, and while alone, she tries to signal people out the window. He barges in and pulls her out of the room by the leash and hits her, sending her to the bed where he starts to strangle her! He then pulls her up and knocks her unconscious with a fist to her face.

He sets up a heater near her bare feet and turns it on so the heat will sear Mandy's feet! He video tapes her suffering so Hillary can later see her sister spasm in pain!

After falling unconscious from the pain, Mandy finds herself bound and gagged in the bathtub!

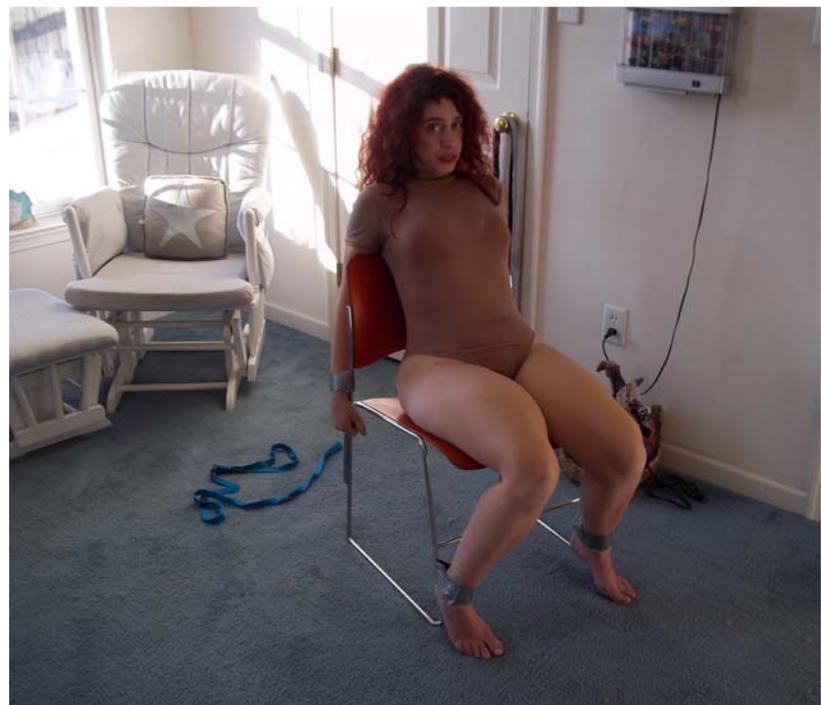

When someone rings the doorbell, the kidnapper turns the shower on to cover the sounds of Mandy's struggles!

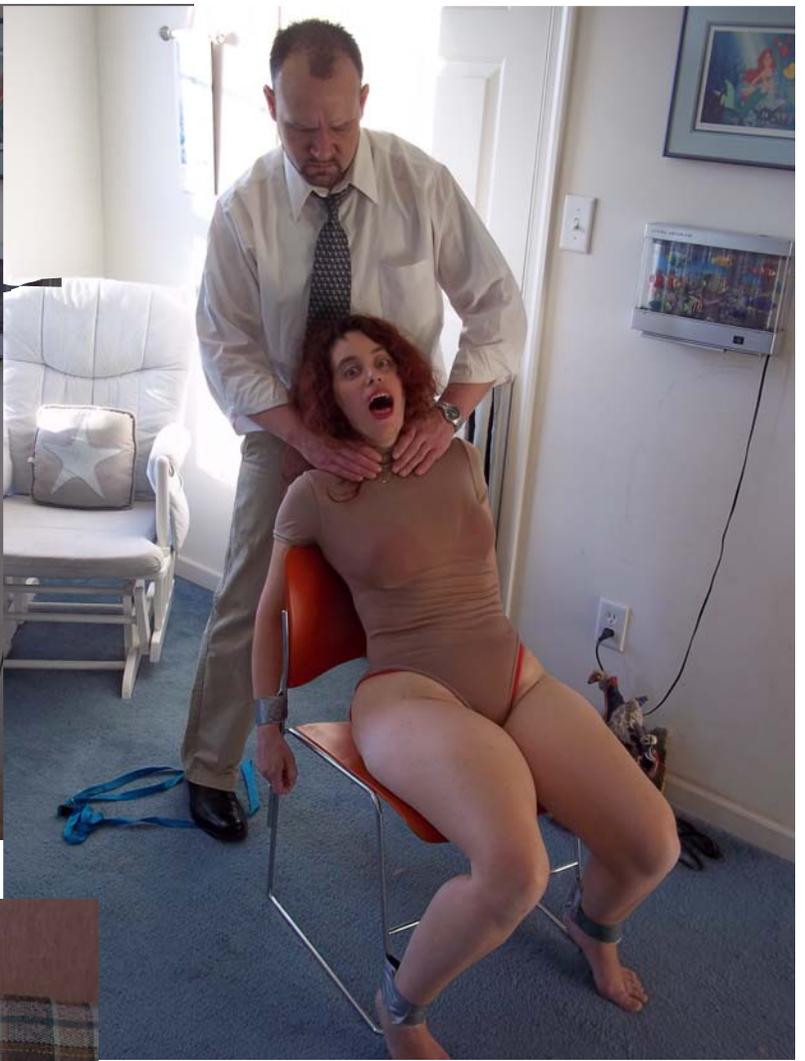

After almost managing to escape, Mandy once again finds herself duct taped to the chair in her wet clothes.

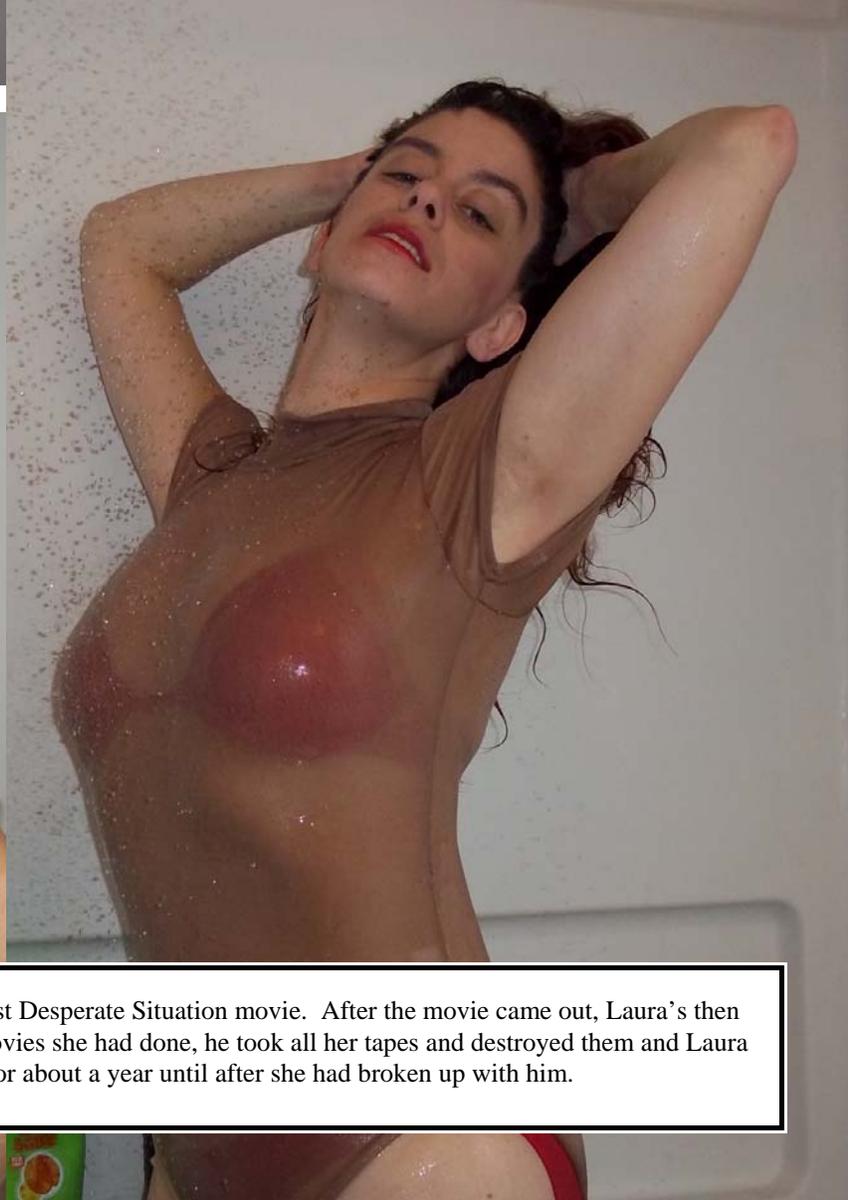

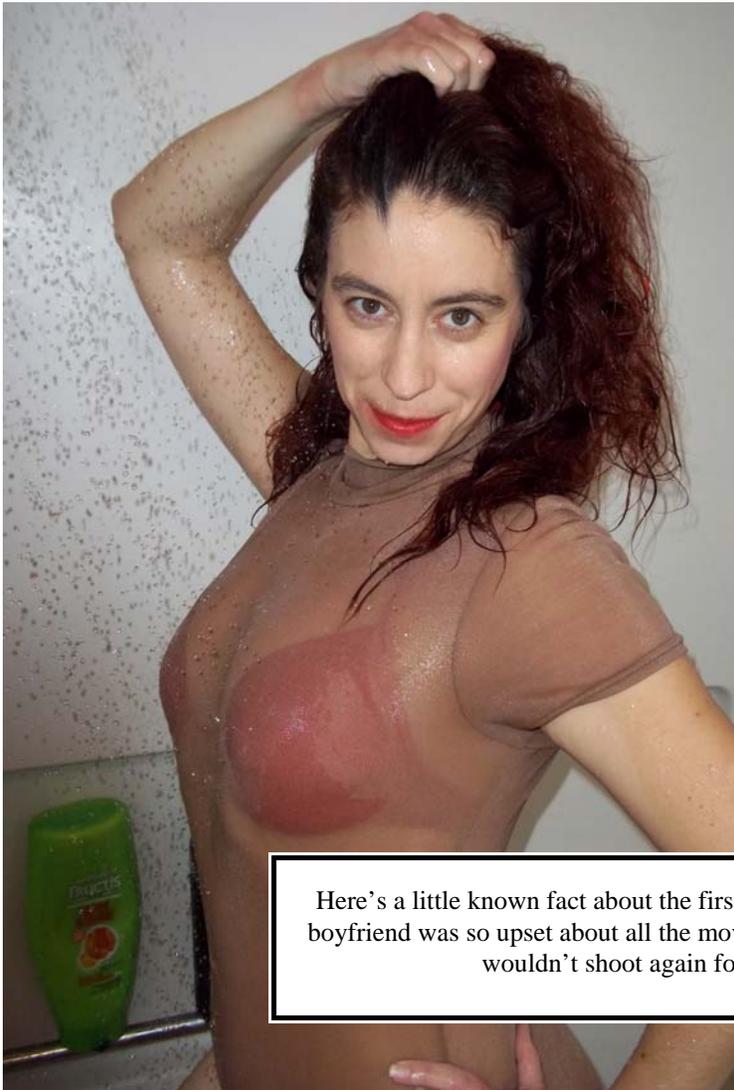

But there's much more to what's going on than it appears! And ultimately, the kidnapping will end in at least 2 deaths, if not three! Will Mandy survive? (50 min.) (shootings, strangling, bondage)

Laura poses in the shower after the shoot!

Here's a little known fact about the first Desperate Situation movie. After the movie came out, Laura's then boyfriend was so upset about all the movies she had done, he took all her tapes and destroyed them and Laura wouldn't shoot again for about a year until after she had broken up with him.
